

**PUBLIC COMPANY ORLEN LIETUVA  
DIRECTOR OF QUALITY, LABOUR SAFETY AND ENVIRONMENTAL CONTROL**

**ORDER  
REGARDING SUPPLEMENTATION OF  
OCCUPATIONAL HEALTH AND SAFETY PROCEDURE BDS-33  
'OPERATION OF LIFTING CRANES'**

28 June 2018 No TV1(1.2-1)-270  
Juodeikiai Vill., Mažeikiai Distr. Municipality

I hereby:

1. Add § 8.21 and §9.14 to Occupational Health and Safety Procedure BDS-33 'Operation of Lifting Cranes' approved with Public Company ORLEN Lietuva (hereinafter the Company) Director of Quality, Labor Safety and Environmental Control Order No TV1(1.2-1)-433 of 28 November 2013 reading as follows:

'8.21. For reversing of self-propelled cranes within process units or other territories of the Company where the risk of collision exists crane operator must be assisted by an employee who from safe place clearly visible to crane operator at all times would show safe path to crane operator verbally, by means of hand signs or any other way agreed with crane operator until crane is safely parked.'

'9.14. Prior to reversing with self-propelled crane, visually check the roads for any obstacles and take distances to them into account. Drive at maximum speed of 5 km/h and watch the surrounding carefully using side mirrors. In case of any doubt, stop, disembark and reassess the distance to obstacle. Reversing of self-propelled cranes within process units or other territories of the Company where the risk of collision exists without assistance by an employee who from safe place clearly visible to crane operator at all times would show safe path to crane operator verbally, by means of hand signs or any other way agreed with crane operator until crane is safely parked is forbidden.'

2. Establish that the present Order shall come into force on 15 July 2018.

3. Obligate managers of organizational units of the Company to familiarize their concerned subordinates with the present Order by 15 July 2018.

4. Assign the responsible employee of Executive Office to distribute the present Order to the Company's employees listed in the distribution index hereof.

Director of Quality, Labour Safety and  
Environmental Control
