APPROVED BY:

Director of Quality, Labour Safety and  
Environment Control  
09 May 2019  
Order No. TV1(1.2-1)-209

to Mažeikiai

## LEGEND

**Emergency evacuation points 1-8** (for collection and evacuation of employees from refinery)

- Point 1 - refinery bus stop
- Point 2 - refinery exit near security gate 4
- Point 3 - Waste Water Treatment Shop, on road 17 near the gate.
- Point 4 - road 10 near security gate 12
- Point 5 - central refinery exit near security gate 2
- Point 6 - LPG Farm 1 near amenity building
- Point 7 - LPG Farm 2 near security gate
- Point 8 - Power Plant bus stop

**Arrows** in the territory indicate direction and distance to assembly points (not shown in this plan).

**Assembly points 1-42** (for temporary assembly of employees in case of danger in hazardous facility). To be selected in place free of air pollution, fire and explosion hazard. From territories and buildings to assembly points employees evacuate themselves. From assembly points employees may be evacuated to emergency evacuation points or, in case of direct risk to their life and health, evacuate themselves.

**Evacuation routes** (for safe evacuation of employees from assembly and emergency evacuation points as instructed by Emergency Operations Center).

**You are here** (location of plan).
